NOTARIZED STATEMENT FOR LEAK REPAIR

Two forms of identification are required; at least one must be a photo I.D.

Documentation of plumbing leak repairs is required before an adjustment can be considered for a customer's account. Many people hire a plumber to make the repair(s) and therefore have descriptive dated receipts that can be submitted. Other customers choose to make repairs themselves or know someone who can make the repair for them. In this situation, we require that a notarized statement be submitted as documentation of the repair.

Please complete this form and have your signature notarized prior to submitting it to Utility Billing for consideration. The City of Yukon does not provide notary services.

I certify that a leak in the plumbing at my residence occurred and that it has been repaired.
