Subject: City Council Update

We have five action items for your consideration next Tuesday evening. Two of the action items relate to one topic. The first action item is your consideration of an expenditure of funds for the purpose of providing an asphalt overlay of a section of the service road on the north side of Main St. between Kimbell and Briarwood including some curb repair. We are paying for this repair from the Streets Capital Improvement Fund.

The second action item is to consider approving this year's street stripping project as budgeted in the amount of \$50,000. We could spend four times this amount and still need more. We are addressing these areas due to accidents and safety concerns.

Action items three and four relate the permanent utility easement for Discovery Church and placing in effect the maintenance bond.

The fifth and final action item is your consideration of extending for one year the 2014 Concrete and Asphalt Paving, Drainage, Water and Sewer Project contract with Brewer Construction Oklahoma, LLC. There are no proposed changes in any of the rates. This contract has proven to be a very cost effective and efficient arrangement for the City. The work allowed for under this contract is completed in a timely and high quality manner.
