Subject: City Council Update

We have three action items for your consideration next Tuesday evening. However I wanted to point out one item on the Consent Docket. You are being asked to approve a new agreement with Oklahoma Czechs, Inc. that increases the number of dumpsters that the City provides on Czech Day.

The first action item has already been considered and approved by Council previously. We are asking you to consider approving another resolution authorizing the continuance of our Master Lease Purchase program using language provided by Government Capital. We are just making sure we check all the boxes appropriately moving forward.

The second action item is your consideration of approving Resolution 2015-18. This resolution authorizes making application for financial assistance (grant) through ACOG's Clean Air for Public Sector Fleets Grants Fund. If approved, we would purchase three more CNG fueled vehicles. These funds provide supplementary funding for the CNG fueling system. On a related item, under action item three we are seeking your approval to make a second application for grant assistance through ACOG to purchase and install a private access fleet fueling facility for our CNG fleet. These are two separate applications that are not dependent on one another.
