Subject: City Council Update

We have four action items under the City Council Agenda. The first action item is for you to consider Ordinance No. 1285 related to excavations or openings for the purpose of laying of underground cables or pipes within City right-of-ways and easements. As our right-of-ways and easements become more and more crowded we need to better monitor not only the route but the depth. The next action item is the emergency clause.

Action items three and four are to consider two Conditional Use Permits for Lindmark Acquisition LLC. Both of these billboards are located adjacent to the I-40 right-of-way to the west of Walmart in the open field. These Permits come to you with a do-pass recommendation from the Planning Commission.

The final action items are an executive session and action item to consider renewing and/or amending my employment agreement.

A handwritten signature in blue ink that reads "Grayson Bottom". The signature is written in a cursive, flowing style.
