Subject: City Council Update

We have a light agenda from an action item standpoint. First, under the Municipal Authority you are being asked to consider approving the lease purchase agreement for the new sanitation trucks and materials. We have previously discussed this extensively and it now time to act. The attorneys have vetted out the language changes including such things as the City not being able under state law to indemnify other than what is allowed under the Governmental Tort Claims Act and the fact that the City cannot execute a document that we know has void language. These documents were originally prepared by Arkansas attorneys and reflected differences in state law. Those issues have been resolved to our satisfaction.

There is only one action item for consideration by the City Council. You are being asked to consider approving a road crossing agreement with Canadian Hills Wind, LLC.

As always if you have any questions please call, text, or email.

A handwritten signature in blue ink that reads "Grayson Bottom". The signature is written in a cursive, flowing style.

Grayson Bottom, City Manager
