**Subject:** City Council Update

We have only two action items under the City Council Agenda and none under the YMA Agenda. I would ask that whomever makes the motion to approve the Consent Docket for the City Council do so with a correction of two dates. The minutes of the March 20, 2012 rather than March 6<sup>th</sup> under item A); and the setting of the next meeting date to April 17, 2012 rather than April 3<sup>rd</sup> under item I).

The first action item is to consider approving Ordinance No. 1274. This Ordinance amends our current Code and provides for the re-apportionment of the City Ward Boundaries as required by State Statute. The ward boundaries are to be redrawn each 10 years following the census and after redistricting is completed by the state and county. The guideline for equalization is between 3% and 5%. The differentials being purposed range between 1.0% and 1.02%.

The second action item is to consider an expenditure of funds for the replacement of the gymnasium floor at the Yukon Community Center in the amount of \$40,386.45, to be paid from the Capital Improvement Fund. Last year when we hosted the Friday Community Coffee at the Community Center, Maxey and noted at that time that the floor needed to be replaced. Through a series of attempts to extend the life of the floor, nothing more can be done. It is now time to replace it.
