7. City Manager's Report – Information items only

- A. Sales Tax Report**
- B. Commercial Dumpster Rollout**
- C. Library Flooring**
- D. Congressional Cities Conference Report**

Grayson Bottom stated the Sales Tax Report for the third month in a row was disappointing. The trend is disturbing and needing more explanation. It affects next year's attainable budget increase. We are continuing to watch and are working with Oklahoma Tax Commission and other cities.

The City has received our front loading Commercial Sanitation Truck and has begun rolling out dumpsters to begin service. The driver training is underway and three more trucks are to be delivered shortly.

The Library will be getting new flooring and will be closed March 27, 28, and 29th.

Mr. Bottom received progress report handout from Triad for review of Street Projects

Grayson Bottom and Council Member McEachern attended the Congressional Cities Conference in Washington D.C. They met with Tom Cole, Senator Inhofe and Congressman Lucas at separate meetings. They did not see Senator Coburn. However, all meetings went well and felt welcomed and believe concerns were heard.

Council Member Opitz questioned Mr. Bottom, if there had been an economic impact study done for the I-40 project? Grayson stated not economics, but some environmental and post-project studies. The Garth Brooks bridge is the first up. Council Member Alberts wanted to know, if other economic studies had been done? Mr. Bottom said he had never seen, but might be able to get from other cities. Council Member Grba asked if one lane would always be open. Grayson Bottom stated yes and the exits will be opened.

8. New Business - There was no new business

9. Council Discussion

Council Member McEachern enjoyed the conference. It was a good opportunity. It was interesting and eye-opening with lots of kids who participate in government. He thanked the Von Elm kids and all neighborhood watch areas. Thanks for road project updates.

Council Member Grba has noticed piles of yard waste. He recommends mulching it, instead of bagging it. Please, don't forget water restrictions.

Council Member Opitz complimented the Police Department and their presence around town. He also thanked John Nail for his current and future developments.

Mayor Alberts stated it is important to be healthy. He stated on March 9th, he helped Yu-Can Coalition pick up about 3,000 cigarette butts around Boot Hill. Remember, this is your hometown, pick it up.

- (l) No person shall display, give away, or offer for sale any live animal on private property without consent of the owner, or public land, right of ways, or easements, except in areas that have been authorized and permitted by the city for such use.
- (m) Natural disasters. It shall be the responsibility of each pet owner and caretaker to provide adequate water, food, shelter, and health care for their animal(s) during tornados and other natural disasters and to responsibly evacuate them when necessary.
- (n) Tethering. No person shall under any circumstances tether or otherwise confine any animal in a manner that is injurious to the animal's health, safety, and well-being. Tethering of an animal is prohibited during severe weather occurrences and natural disasters, including extreme heat, extreme cold, flood, hail, fire, tornado, hurricane, or blizzard.

Proper and humane tethering includes, but is not limited to the following:

- (1) The tether shall be attached to a properly fitted collar or harness. The use of a choke chain or prong collar is prohibited.
- (2) The tether shall not extend over an object or edge in such a manner that could result in strangulation of or injury to the animal. The length of the tether must be a minimum of six feet and allow ingress and egress from proper shelter, access to drinking water, and freedom to move about and avoid areas of animal waste.
- (3) The weight and gauge of any tether or chain shall not be more than necessary to establish direct control. Logging chains and vehicle tow chains are expressly prohibited. No person shall add any weight to an animal collar, harness, chain, or tether.
- (4) No animal shall be tethered on a vacant or abandoned property.

Sec. 14-3. - Keeping of wild animals.

However, if the owner can establish to the police department's satisfaction that an animal ordinarily considered "wild" is not dangerous to people or other animals and that the animal is healthy, safe and tame as a pet, the licensing authority may issue a certificate of exemption to the owner which shall be valid indefinitely. The cost for a certificate of exemption shall be an amount determined by Resolution of the Yukon City Council. In such case, the owner agrees to accept full responsibility for the actions and behavior of each animal. The establishment of whether such animal is healthy, safe and tame as a pet shall be the responsibility of the owner of the animal. Evidence tending to establish the animal's health, safety and tameness shall be in writing, submitted by the owner of such animal to the police department within five days of the owner's notice that he is suspected of keeping a wild animal. The police department shall either agree with, or disagree with, the evidence submitted within five days of receiving such evidence from the owner of the suspected wild animal. If it disagrees it shall state its reasons in writing. The licensing authority shall refuse to grant a certificate of exemption to the owner of the suspected wild animal if the police department fails to agree with the animal's owner. The owner of the animal may appeal such decision to the city manager within five days. The failure to appeal such ruling shall make the determination of the police department and the licensing authority conclusive such that the city may take all further necessary steps to see that its ordinances are enforced.

Sec. 14-4. - Beehives on residential lots, number restricted.

As a matter of public policy, it is declared unlawful to keep more than two hives of bees on a platted residential lot within the corporate limits of the city.

The owner of any of the above-listed animals shall provide a watertight and flytight receptacle on the premises for manure, of such size as to hold all accumulations of manure. Such receptacle shall be emptied sufficiently often and in such manner as to prevent it from being or becoming a

A fine may also be levied as provided in section 14-75.
- (e) *Surrender and return.* If the court fails to find that such seized and impounded animal is a vicious animal, the court shall order and it shall be the duty of the chief of police to cause the surrender and return of the animal to the owner thereof.
- (f) *Authority to kill.* Notwithstanding the above provisions of this section, if any animal is of such vicious nature that it cannot be safely seized and impounded, it may be killed by the officer seeking to apprehend it.

Sec. 14-39. - Adoption of animals from shelter.

- (a) *Spaying or neutering as condition for release.* No animal may be released for adoption from the animal shelter unless such animal has been surgically spayed or neutered; or unless the adopting party signs an agreement to have the animal sterilized, and deposits funds with the animal shelter to ensure that the adopted animal will be spayed or neutered. The deposit shall be an amount determined by Resolution of the Yukon City Council. The city manager or his designee may waive the deposit requirement for any bona fide animal club, organization or humane society. Any bona fide animal club or organization may register with the animal shelter and may request notification of the pending destruction of any animal of a particular breed or type. Once the animal club or organization's application has been approved, the animal shelter shall attempt to notify the organization not less than 24 hours before the animal is scheduled to be destroyed. The animal club or organization shall be permitted to adopt the animal at no charge, and without depositing funds as required by this section. Nothing in this section shall be considered to create or give the animal club a property interest in the animal until such time as the animal is adopted, and the city shall not be liable for any failure to notify the animal club.
- (b) *Refund of deposit upon proof of spaying or neutering.* Of the funds deposited with the animal shelter, an amount determined by Resolution of the Yukon City Council shall be refunded to the veterinarian or adopting party upon the adopting party's presentation of a written statement signed by a licensed veterinarian that the adopted animal has been spayed or neutered. However, no refunds shall be made unless such animal was spayed or neutered within 60 days of adoption in the case of adult animals; or, in case of infant animals, within 30 days of the date a female animal attained the age of six months, or a male animal attained the age of eight months.

- (d) *Extension of time to spay or neuter.* Upon presentation of a written report from a licensed veterinarian stating that the life or health of an adopted animal may be jeopardized by surgery, the animal shelter shall grant a 30-day extension of the period within which the spay or neuter surgery would otherwise be required. Further extensions may be granted upon additional veterinary reports stating their necessity.
- (e) *Death of adopted animal; refund of deposited funds.* If requested to do so, the animal

shelter shall refund deposited funds to the adopting party upon reasonable proof being presented to the animal shelter by the adopting party that the adopted animal died before the expiration of the period during which the spaying or neutering was required to be completed.

- (f) *Disposition of forfeited funds; record of accounts.* Funds which have been forfeited by adopting parties shall be placed in a separate account, which shall be an interest-bearing account whenever feasible and the funds shall be allocated to programs which directly promote, subsidize or otherwise reduce the cost of spaying or neutering animals of the animal shelter. The city shall maintain accurate records of accounts which fund spay/neuter programs.
- (g) *Compliance with Dog and Cat Sterilization Act.* All provisions of 4 O.S. § 499 et seq. shall be complied with by the city animal shelter.

 - (2) If there are two or more citations given for violations within a 12-month period on the same premises, the city attorney is authorized to seek an injunction in the name of the city from the appropriate court to abate the nuisance.
 - (3) Adjudication of guilt, withholding of adjudication, or plea of no contest (including, but not limited to, payment of fine) in a 12-month period for two violations on the same premises, plus a third such citation within the 12-month period, shall be presumptive evidence of a public nuisance. However, the judge may find a public nuisance without such presumptive evidence based on other evidence presented.

All users of city off-leash dog parks must adhere to the rules and regulations posted at entrance to the dog park area. Violators of posted rules are subject to ejection and forfeiture of off-leash dog park privileges. It shall be assumed that there is an inherent risk in allowing dogs to interact without direct control, so all participants that choose to use off-leash dog parks do so at their own risk of injury to other persons, themselves and dogs. RULES AND REGULATIONS GOVERNING FERAL CAT COMMUNITIES WITHIN THE CITY OF YUKON.

WHEREAS, the City Council of the City of Yukon has determined a necessity for rules and regulations governing feral cat communities within the City of Yukon, and;

WHEREAS, the City Council of the City of Yukon has express authority to promulgate rules and regulations governing feral cat communities within the City of Yukon pursuant to the Code of Ordinances of the City of Yukon, and;

WHEREAS, the City Council of the City of Yukon hereby adopts the following rules and regulations governing feral cat communities within the City of Yukon for the health and general welfare of the community:

Feral Cat Colonies

Feral cat colonies shall be permitted, and feral cat colony caretakers shall be entitled to maintain and care for feral cats by providing food, water, shelter, medical care and other forms of sustenance if the colonies are registered with the sponsor and if the colony caretakers take all appropriate and available steps to meet the terms and conditions of this chapter. Feral cat colonies shall be prohibited in any conservation area, state or national forest, wetlands, or any other lands managed for wildlife.

Sponsors

- (a) Any animal rescue or humane society that agrees to assist the central sponsor with the requirements of this chapter shall be eligible to act as a sponsor. Any group intending to undertake the responsibilities of a sponsor shall so advise the central sponsor in writing and provide its address and telephone number and email address if available.
- (b) Sponsor requirements. It shall be the duty of the sponsor to:
 - (1) Review and, in its discretion, approve feral cat colony caretakers.
 - (2) Help resolve any complaints over the conduct of the feral cat colony caretaker or of complaints about cats within the colony.
 - (3) Assist, if requested, the central sponsor in maintaining records provided by the feral cat colony caretaker on the size and location of the colonies as well as the vaccination dates, spay/neuter dates, and descriptions of each feral cat in the colony;
 - (4) Provide, at a minimum, written education training for all feral cat colony caretakers addressing uniform standards and procedures for feral cat colony maintenance;
 - (5) Report annually to the animal control office the number and location by zip code of feral cat colonies for which it acts as sponsor with the approximate number of cats in each colony;

- (6) Provide documentation necessary to allow feral cat colony caretakers to receive any public or private subsidies, medical care or other forms of assistance for their colonies; and
- (7) Provide to the animal control office the location of feral cat colonies where feral cat colony caretakers have regularly failed to comply with this chapter or where the sponsor has been unable to resolve a behavior situation that constitutes a nuisance.

Feral Cat Colony Caretakers

- (a) Feral cat colony caretaker responsibilities. It shall be the responsibility of a feral cat colony caretaker to:
 - (1) Register the feral cat colony with the sponsor;
 - (2) Take all appropriate and available steps to trap each feral cat in the colony in order to have the cat sterilized, vaccinated for rabies, ear tipped and optionally implanted with a microchip and to monitor for new feral cats that join the colony. The colony caretaker must maintain rabies vaccination records and include them in the annual report provided in the central sponsor pursuant to this section;
 - (3) Keep a written census of the colony that describes each cat, its color, breed and sex, and notes the dates it was taken to the veterinarian for TNR through a TNR program.
 - (4) Provide food, water, and if necessary and feasible, shelter for the colony.
 - (5) Keep in contact with its sponsor to report any illness, strange behavior or missing feral cats in the colony;
 - (6) Report any kittens in the colony so they can be trapped after they are weaned and to observe the mother feral cat so she can be trapped after the kittens are trapped;
 - (7) Acquire written approval of a property owner, or any authorized representative of the owner of any property, if the colony caretaker requires access in order to provide colony care; and
 - (8) Report annually to the central sponsor on the colony including but not limited to the following information: Its location; the number of feral cats; the number of kittens; the number of TNRs done through the TNR programs; and the number of deaths of feral cats. This information along with the changes to the written colony census required to be maintained by this section, shall be sent to the central sponsor either by electronic mail or regular mail or provided by telephone.
- (b) In the event that a feral cat colony caretaker is unable or unwilling to continue to perform the responsibilities required by this section, the colony caretaker shall give its sponsor a minimum of thirty days written notice of its intention to cease being a colony caretaker for the feral cat colony. The sponsor shall work to provide a replacement colony caretaker for the colony.

- (c) A feral cat colony caretaker in compliance with the terms and conditions of this chapter shall be exempt from the provisions of Sections that impose requirements on owners of animals and persons having custody of animals.
- (d) A feral cat colony caretaker providing food, water, and shelter to feral cats as allowed by this chapter shall not be considered to be violating the restriction imposed by Section on the number of cats that may be kept at any one place, or on any premises, or in any other residence without a permit unless the colony caretaker's actions are determined to be more like the actions of an actual owner or person in custody and control of the cats than a colony caretaker.

Disposition of Feral Colony Cats

- (a) If a cat or kitten with a tipped ear is trapped and turned into the Yukon Animal Shelter or any other animal shelter or to an animal control officer, the shelter or the animal control office shall notify the sponsor from the sponsors list giving it the description of the feral cat and the address, location or zip code where the cat was trapped. The Yukon Animal Shelter or other animal shelter shall only hold cats with a tipped ear for the time limit established in the current shelter policy. The sponsor shall then take all appropriate steps to take custody of the cat or kitten within two business days. The sponsor shall be exempt from paying any charges or fees allowed to be imposed by the Yukon Animal Shelter or other animal shelter in holding a feral cat with a tipped ear that is trapped or turned in pursuant to this section in the instance of impoundment. If the feral cat is ear-tipped, the sponsor shall attempt to identify the feral cat colony and the feral cat colony caretaker so the cat can be returned to its colony and provide the animal control office with documentation to show the cat was vaccinated for rabies in compliance with this section.
- (b) If a cat that is not ear tipped is trapped and turned into the Yukon Animal Shelter or any other animal shelter or to an animal control officer, the cat must go through the regular and usual adoption or TNR process if the cat is deemed adoptable.

Enforcement of Provisions by Animal Control

- (a) The animal control office shall have the right to trap in a humane manner any cat that is deemed to be a threat to public health or safety. If a cat has bitten or scratched a human being, the cat shall be confined, as appropriate. If a licensed veterinarian decides that the cat is too ill or injured or that it has an illness that presents an imminent danger to the public health or safety or to itself, the cat may be humanely euthanized. The sponsor shall be notified of the cat's description, sex, illness and disposition. After the mandatory quarantine, if the cat is found to be healthy and no other issues of public health or safety exist, the cat may be given to the sponsor for return to its feral cat community.

- (b) The animal control office shall have the right to direct the sponsor to communicate to a feral cat colony caretaker that a feral cat is creating a nuisance. The complainant must provide the animal control office with the address where the feral cat is creating a nuisance. If the complainant desires, the name and address of the complainant may be given to the sponsor so prompt action can be taken. The central sponsor shall make every effort to resolve the nuisance within thirty days of the notice being given unless the animal control office specifies a longer time period. If the nuisance complaint cannot be resolved within the allowed time period, the sponsor shall direct the feral cat colony caretaker to remove the cat from the colony. If the caretaker is unsuccessful at trapping the nuisance cat after the time line previously set, the sponsor must notify the animal control office in writing requesting its assistance with removal.
- (c) The animal control office shall have the right to declare that a colony is in a location that is hazardous to the health and safety of the public or the feral cat colony. The office shall give written notice to the sponsor who must take action to assist in the systematic removal and/or relocation of the colony by removing the colony with the cooperation of the feral cat colony caretaker to abate the hazard.
- (d) If a caretaker fails to perform any responsibility or duty required by this chapter, the animal control office shall notify the sponsor in writing of the violation and provide the caretaker thirty days to be compliant. If the caretaker fails to comply, the animal control office must notify the central sponsor who may move the non-compliance problem to another caretaker or may, for just cause, remove the caretaker from the office's list of approved caretakers. The caretaker removed from the list has the right to petition Yukon animal control or its designee regarding its removal and reinstatement. If no caretaker agrees to take on the feral cat colonies, the cats in those colonies may be trapped and humanely euthanized.

WHEREAS, these rules and regulations shall take effect, and be in full force from and after their passage, as provided by law.
