

The Yukon Police Department requires that all applicants for the position of Police Officer successfully complete a Physical Agility Test regardless of the applicant's age.

The Physical Agility Test consists of two (2) separate timed tests. Applicants must successfully complete each task within the time given to continue through the test. Both sections must be completed to continue in the hiring process:

1. The Yukon Police Department's Test

- 18 Standard Push-Ups within a 1 minute and 30 second time limit
- 27 Sit-Ups within a 1 minute and 30 second time limit
- Running 300 meters within a 68second time limit
- Running 1.5 miles in a 15 minute and 20 second time limit

2. A close version of the required CLEET Cadet Physical Test for Safe Participation

- Run: A test monitor will give the candidate verbal instructions to "GO" and the candidate will begin the run around the gym (approximately 332 total feet).
- Step and Slide to Left: At the conclusion of the run, the candidate will then step and slide sideways (shuffle) to their left and continue for a distance of about 30 feet.
- Diagonal Shuffle to Rear and Right: After stepping and sliding to their left, candidates will step and slide backwards (rear diagonal shuffle) to their right and behind them (at an approximately 35 degree angle) for approximately 33 feet.
- Step and Slide to Right: After completing the backwards diagonal shuffle, and after turning around, the candidate will step and slide sideways (shuffle) to their right for about 30 feet.
- Diagonal Shuffle to Rear and Left: After stepping and sliding 30 feet to their right, and while still facing the same direction, candidates will step and slide backwards (front diagonal shuffle) to their left and behind them (at an approximately 35 degree angle) for approximately 33 feet.
- Crawl on Stomach: After the rear diagonal shuffle, candidates will get on their stomachs and crawl a distance of approximately 20 feet using their elbows and forearms only, and with their legs bent so that their feet are up in the air. Candidates will crawl with their elbows and forearms, and without the use of their legs (simulating legs that are not functioning), ****Hands CANNOT touch the ground****.
- Bear Crawl: Candidates will get down on their hands and feet, then crawl a distance of approximately 20 feet using their hands and feet only.
Candidates must re-attempt this component while the time is running if their knees, elbows, or other parts of their body touch the floor during the component.
- Obstacle Dodge: The candidate will maneuver, in a zig-zag manner, around obstacles (which are traffic cones positioned on the ground).
- Weight Drag (approximately 95 lbs): The candidate will drag a weight completely past a line 20 feet away. Timing of the test stops when the entire weight passes over the line.

(Note: See attached diagram or obstacle course)

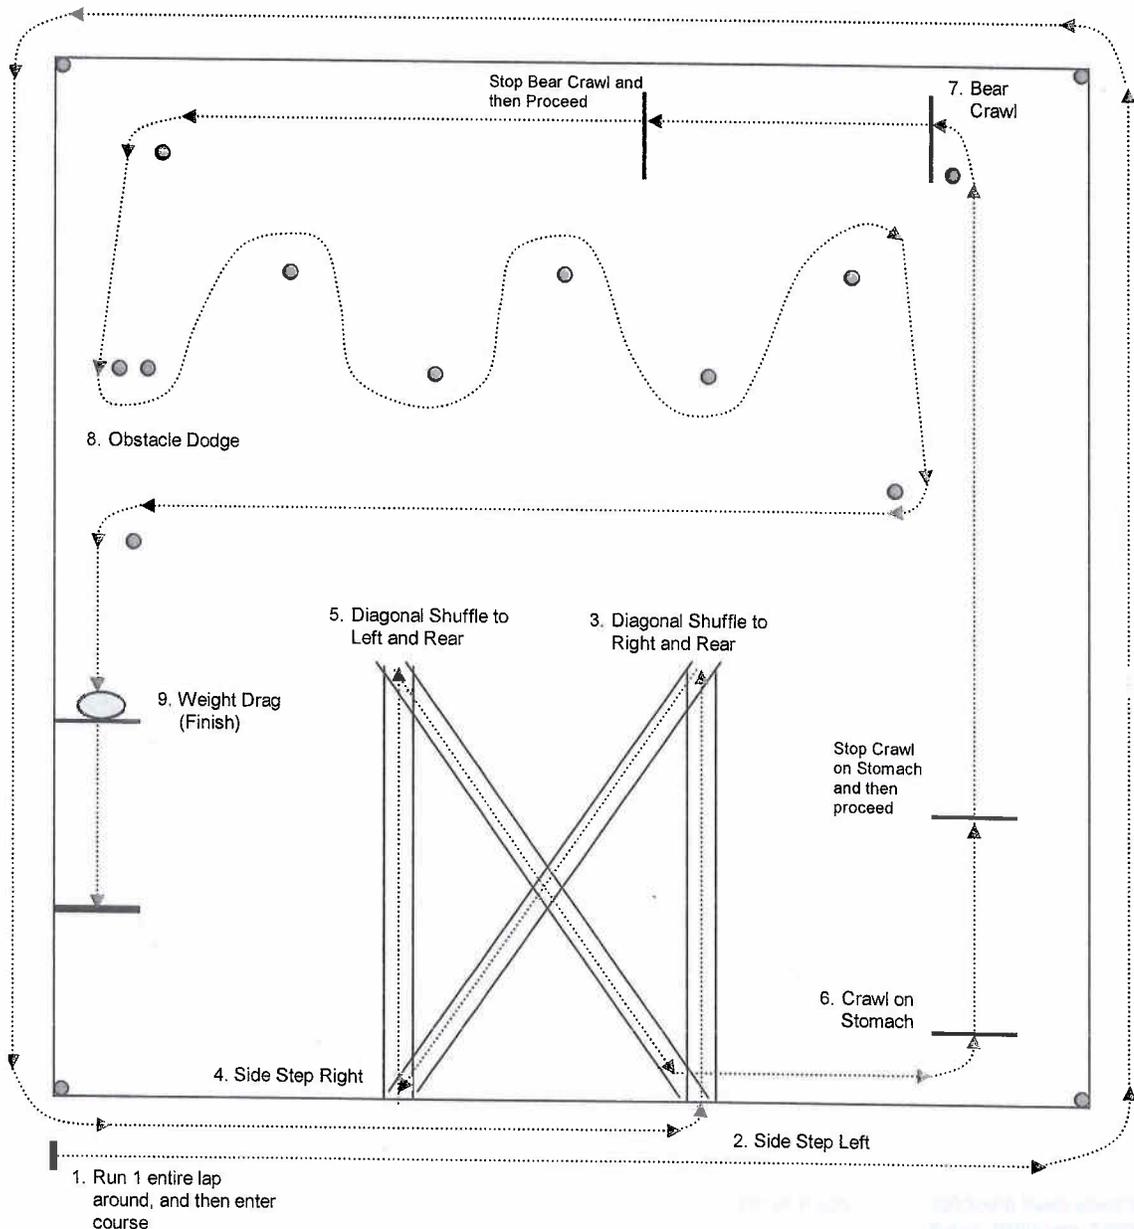

CRITERIA FOR PASSING THE OBSTACLE COURSE

Candidates must successfully complete all components in **2 minutes and 22 seconds** or less.

Oklahoma law requires all law enforcement officers to attend and successfully complete a basic training program approved by the Council on Law Enforcement Education and Training.

If a Yukon Police Applicant is required to attend the CLEET Basic Academy, you will be required to pass the “official” CLEET Cadet Physical Test for Safe Participation administered by CLEET on Wednesday June 27th, 2012 at the CLEET Campus located in Ada, Oklahoma at 8:00am.
